Daughters

changing lives for victims of trafficking in Cambodia

A non-governmental organisation in Cambodia, Daughters meets victims of sexual exploitation where they are — in the heart of Phnom Penh’s red light district — and gives them a way out. We do this by offering employment outside the sex industry while providing a range of comprehensive services, including social work interventions, counseling sessions, medical treatment, childcare, and educational and creative programs.

All our services seek to empower young women to change their own lives by giving them the skills and tools to do so. We equip clients to make healthy, sustainable choices for themselves within their own context and culture, avoiding NGO dependence.

Recently, increased awareness of the plight of Cambodia’s male transsexual workers prompted the formation of Sons of Cambodia in an effort to include this unreachable population of precious people in our programming. Sons seeks to help “ladyboys” find a life of freedom from exploitation away from sex work.

To set themselves free, our clients must find an alternative income, as most of them were trafficked because of their families’ demand for financial support. To fulfill this need, Daughters operates six Fair Trade enterprises.

These businesses include: Haberdashery & Hope (a sewing workshop), Sons’ Woodshop (woodcrafting), Daughters’ Boutique, Sugar ‘n Spice Café, Hands n’ Feet women’s spa, and a jewelry making business.

Merry
Christmas

Daughters Christmas Catalogue

We are thrilled to present you with the **Daughters Christmas Catalogue**. Each item contained in these pages is unique to Daughters — designed and handmade in our workshops in Phnom Penh, Cambodia. The high quality of our finished products demonstrates how talented and meticulous our young men and women are, turning out pieces of art they can be proud of. All proceeds from sales are reinvested in the Daughters social enterprise, enabling more victims of sexual exploitation to leave the sex trade and experience new life.

Sponsor a Girl

Sponsorships change clients' lives, giving them the financial support they need to literally walk free from slavery. Sponsors can choose to cover salary costs or support services, including counseling sessions that help clients overcome the emotional scars of their exploitation.

If you wish to sponsor a girl or boy, please contact us at sponsor@daughtersofcambodia.org.
